

## How You Can Help

### Prayer:

**Computer Lab**

Colegio Mark school was founded in prayer. To the Glory of God, hundreds of children have heard the Good News of Salvation. They can read and write. They have computer skills and a foundation for further education. They are becoming community leaders and are reaching out from Cantel as we reached out to them. Some specific areas to pray for this school:

- Continued financial support
- Commitment of the students
- Health, guidance, wisdom, and vision for the directors and teachers
- Finances and perseverance for the children to continue their education after they graduate

### Supplies:

**School:** We can use school supplies of all types—new or gently used: backpacks, pens, pencils, glue, note books, paper, markers, children's books in Spanish, etc; along with uniform apparel including shoes and navy blue socks.

**Medical:** Most of the children only receive medical attention during Colonial's 3 yearly mission trips. Donations of medications and eyeglasses are useful. From time to time we refer children for needed surgeries, eg heart surgery to close a leaky valve. Financial donations are needed for those cases.

**Antibiotics for the Children**

**Beauty with Cavities**

**Dental:** We need Toothbrushes! We distribute several toothbrushes to each of the 450 children in the school. Financial donations are needed for supplies for cleanings, fluoride treatments, fillings and extractions. Please note that in this culture the children begin drinking coffee with sugar in it at age 1 (one!). Decay is rampant!!!

**Dental School Scholarship Fund:** UMKC Dental School's Truesdale-Poz Pum (Rinehart Foundation) scholarship fund helps send dental students on mission trips to 3<sup>rd</sup> world countries to help the underserved. Donations to this fund are received by the dental school.

**All Donations to these projects are Tax Deductible.**
